Best Rogue Spec For Burst Dmg

Level 60: Recommended choice - Cheat Death: Cheat Death - Damage that would have killed you reduces your HP to 7% instead, all damage taken for 3 seconds afterward is reduced by 85%; this effect can trigger once every 6 minutes.. This ability is the REAL lifesaver and should be chosen as a default Rogues are only capable of dealing damage, which means that each spec (Assassination, Combat, and Subtlety) has a unique way of augmenting the Rogue's Abilities and altering the method by which the Rogue deals damage..
