I know you're doing this on purpose, Strong Cube, but cheap deaths don't make a game hard.. They make it frustrating and
unpleasant Super Meat Boy is hard, but it always gives you a moment to play with new hazards or tools.. The first rope is over
water and the rope does NOT work like you think it works.. Every new obstacle is introduced immediately next to another
hazard that you are guaranteed to bump into on your first run. [Adobe Captivate 2019 V11.0](#)
